## Latest references for HD 96548

### New reference for HD 96548

The XMM-Newton view of the yellow hypergiant IRC +10420 and its surroundings.

— De Becker M., Hutsemekers D., Gossel E.  
2014NewA...29...75D

23 March 2015  
141832

12 December 2014  
163197

### New reference for HD 96548

X-rays from wind-blown bubbles: an XMM-Newton detection of NGC 2359.

— Zhelav S.A.  
2014MNRAS.443...12Z

### New reference for HD 96548

Herschel-PACS measurements of nitrogen enrichment in nebulae around Wolf-Rayet stars.

— Stock D.J., Barlow M.J.  
2014MNRAS.441.306SS

10 December 2014  
122168

6 October 2014  
163632

### New reference for HD 96548

The planetary nebula Abell 48 and its [WN] nucleus.

— Frew D.J., Bojicic I.S., Parker Q.A., et al. (9 authors)  
2014MNRAS.440.134SF

### New reference for HD 96548

The Wolf-Rayet stars in the Large Magellanic Cloud. A comprehensive analysis of the WN class.

— Hainich R., Ruchling U., Todt H., et al. (9 authors)  
2014A&A...565A..27H

10 July 2014  
123696

The "**SimWatch**" tool allows to be notified when new papers are attached to your favorite **SIMBAD** objects.

Go to "<http://simbad.u-strasbg.fr/tools/SimWatch/manage>" to register and add your objects of interest. The list of objects will be stored into your **CDS account**, and an email will be sent to you every night if some new references are added.
